BOTH TEAMS FIT FOR BATTLE HERE

Will Be Question of Best Eleven in Kendall-Aggie Gridfest.

ENTHUSIASM IS RIFE

Championship of the State Will Be Settled One Way or Another.

Whether the matter of victory which Kendall will lift to its lips on the gridiron tomorrow when it meets the Oklahoma State Aggies for the state championship shall be decided by the prowess of the players or shall be decided by the prowess of the fans, will be the question of the day.

The approach of the game has acted as oil to the fire of expectation which has been kindled by the string of victories for the orange and black aggregation and the game is expected to be the largest in matter of attendance that has been played on local grounds in the history of the college.

To inject the necessary pep into the crowd of Kendall followers from the thousands of Tulsa and surrounding towns, the student body of Kendall has organized itself into a huge rooting class, and with yells and songs led by the college band, hope to outdo as well as outplay the visitors.

Will Have Programs. Programs for the event have been prepared by two of the Kendall boys, bearing photographs of each of the Kendall stars with their records for the past years, and these will be distributed on the grounds.

The visitors come heralded as a team of aggressive, hard-playing foot-

ball players. They are filled with the desire and determination to break the chain of victories which now hangs from the throat of the goddess of victory, Kendall's godmother during the present season.

Aggies Are Working.

According to reports here, Coach Griffith sent his Aggie varsity squad through a spirited signal drill Thursday afternoon, the last day of practice in Lewis field.

Friday morning early, 19 A. & M. college agitators and the coaches will leave for this city, arriving here shortly after noon, some thirty hours before the opening whistle of the season's greatest game.

Scores of A. & M. supporters are planning to follow the team here, despite the fact that no special train will be run.

Thursday night one of the year's biggest "pep" meetings was held in the college auditorium. Coach Griffith and his warriors were on the stage. Several enthusiastic former stars addressed the student body assembled to instill the fighting spirit into the players and to show their loyalty. The band played Aggie airs, confidence in an Aggie victory is growing daily at A. & M.

The Stillwater veterans are in fine shape to battle the Kendallites. Injuries which caused worry earlier in the week are healed.

HIGH FACES REAL ELEVEN IN AGGIES

Victory Today Will Not Come in Silver Platter to Baker's Men.

To meet the Haskell Aggies in one of the most gridiron tussles of the year, the Tulsa high school team, with a large following of students, will leave this afternoon at 1 o'clock for Red Fork. The whole bunch will go in autos.

Although the high school team this year has been working in wonderful trim and has lost no game, Coach Baker says the men are in even better condition than before any previous game.

All the men are eager to meet the Aggies, as they have a good record and promise a good fight. All are confident of victory and willing to go any lengths to win.

The lineup for the game this afternoon is as follows: Left tackle, Young; left guard, Miller and Bailey; center, Todd; right guard, Oliver; right tackle, Cory; right end, Chadwell; quarterback, Atkins; fullback, Kiefer; right half, Pries; left half, Hopping; fullbacks, Kiefer and Lambert.

Oliphant Is Hero of 1916 Gridiron

Has scored 10 touchdowns and 17 Goals; Georgia Tech Leads in Team Points.

NEW YORK, Nov. 2.—As a result of lucky scoring in a number of football games last Saturday, the leadership in the struggle for individual and team scoring honors shows some remarkable changes. Southern and western schools have created the premier position from eastern eleven in the total point compilation, while a western player, now at the United States military academy, heads the list of individual performers.

Oliphant of the army team, with ten touchdowns, 17 goals and one field goal has amassed 58 points while Gierisch, last week's leader, has fallen to second place with five points less. Coffey of Notre Dame is third with 58, and McCreight of Washington and Jefferson fourth with 57. Devall of Brown with 58 points is the best of the eastern scorers.

Georgia Tech has collected 303 points in five games, which gives the southern eleven a big lead over Minnesota in second place with 236. Vanderbilt is third, one point below Minnesota. Tennessee state with 219 and Syracuse with 209 are two eastern teams to pass the 200 mark.

The holders of runs for touchdowns records include Moss of Rensselaer polytechnic, 130 yards; Oliphant of army, 36 yards; Beck of Pennsylvania State, 95 yards and his team mate, Robb, with a similar distance, Brooks, Colgate, 90 yards; Whiting, Marietta, 85 yards and Smith, Clarkson Tech, 80 yards.

Texas Judge Is Dead. WACO, Texas, Nov. 2.—Critically ill since noon yesterday, Hon. A. P. McCormick, federal circuit judge for the Fifth district, died here early this morning. The remains will be shipped to Dallas for interment.

Judge McCormick had a fall in Dallas about five years ago which permanently disabled him, and he was obliged to use an invalid's chair. He was, however, an active member of the United States circuit court of appeals and the time of his death, Judge McCormick was born in Brazoria county, Texas, in 1832. He is survived by a widow and ten children.

SOONERS TO SEE AGGIES PERFORM

Many Followers Will Journey to Tulsa to Get Line on A. & M.

WILL MEAN MUCH

Victory by Aggies Will Give Them Chance for State Title.

Special to The World.

NORMAN, Okla., Nov. 2.—With the Oklahoma Sooners playing the Kansas Jayhawkers at Lawrence, Kan., Saturday, several score football fans will travel to Tulsa to see the Oklahoma A. & M. team clash with the Henry Kendall eleven. The Aggies have been playing in wonderful form this season and many followers of the gridiron sport in the state predict that a record will be broken when the A. & M. eleven faces the university squad in Oklahoma City Thanksgiving day.

The Aggies have gone down to defeat year after year before the Sooner eleven. It has been said that Coach Griffith's men were defeated before they went on the field to play the university varsity. For the first time in the history of the university the Sooners suffered defeat this season from a state eleven. Do posters are now predicting that the Oklahoma Aggies will repeat the performance of the Kendall college team when they face the Sooners turkey day.

Oklahoma went down to a 21 to 7 defeat before the University of Texas. To the surprise of all sportsmen, the Oklahoma Aggies invaded Texas and held the Longhorns to a 14 to 6 victory. Kendall won over Oklahoma 16 to 0. Unless the Presbyterians are able to defeat the Aggies by a similar score Sooner stock will take a further slump prior to the Aggie conflict.

A victory over the Oklahoma Aggies will give Henry Kendall the intercollegiate championship of the state. On the other hand, should the A. & M. eleven triumph next Saturday they will not only have a strong hold on the state championship, but will be the favorites for the southwestern conference championship.

The conference title now lies between the Oklahoma Aggies, Baylor university of Texas and the University of Arkansas, both the University of Oklahoma and the University of Texas having been eliminated.

While fifty or sixty Sooners will accompany the eleven to Lawrence Saturday, approximately one hundred are planning to see the Aggie-Kendall game with the intention of perfecting a little "dope" on the Aggie machine.

STARS MAY PLAY HERE SUNDAY

Promoters Figure on a Bell Game, Johnson and Alexander as Pitchers.

KANSAS CITY, Nov. 2.—Walter Johnson, the great pitcher of the Washington League club, and Grover Cleveland Alexander, the speed ball wonder of the Philadelphia Nationals, may oppose one another in a game at Association park Sunday.

Charles Stengel, the Kansas City boy who brought home a bunch of world's series titles as a member of the Brooklyn National League champions, was in communication this afternoon with Joplin promoters who staged the big game there last Sunday. If the game is played here in addition to Johnson and Alexander other big league stars will play, Stengel, Wheat, Leray, Agnew and others being slated for the game.

Her Vague Views. "I asked for alimony of \$50 a week. I see wimmen are getting that right along."

But, madam, expostulated the lawyer, "your husband is earning on y 12."

"What's that got to do with it? I thought the government provided the alimony."

The Eloquent Cat. The cat settled herself luxuriously in front of the kitchen range and began to purr. Little Bolly, who was strange to the ways of cats, regarded her with horror.

"O, gran'ma gran'ma!" she cried. "Come here quick. The cat's begun to hiss!"

A Relief. "Why do people always talk about the weather?"

"I don't know," replied Miss Cayenne. "But I wouldn't discourage them. I'm always grateful when somebody is content to talk instead of breaking out and singing something about a perfect day."

TWO REAL STARS OF THE TIGER ATTACK THIS SEASON

At the bottom, Gennert, who plays center. At the top, Tibbitt, who plays halfback. Much of the record made this year by Princeton can be traced to the individual work of these two men. Both are veterans.

WAGE A WARFARE BETWEEN SELVES

Dillon and Levinsky Are Willing to Fight Any Time and Anywhere.

NEW YORK, Nov. 2.—Jack Dillon and Battling Levinsky, America's most willing scrappers, have run almost a neck and neck race in the number of bouts participated in since Levinsky's star started up from the horizon in 1910.

Dillon has crawled through the ropes to take part in 135 mills and Levinsky had gone him just two better up to the time completion of their records was stopped by the end of the year.

In spite of the fact that Levinsky has appeared in the greater number of bouts, Dillon's record as a knockout and as a winner on points is far more imposing than that of the "Battler". This may be due to the fact that Dillon has scattered his record over several states where they allow decisions, while Levinsky has been pretty well satisfied to do his boxing in the east, where they have no decision encounters.

Out of his 135 battles shown in the latest record book Dillon has won 48, given him a batting average of .346, while Levinsky has been forced to remain content with 30 wins out of his 137 starts, an average of only .219.

Has Been Busy. Levinsky's busiest year was 1914, when he was called to the front 36 times. He was credited with victory in only four of these bouts. In 1915 his stock took a slump and he gained only one decision out of 21 floundering parties. Levinsky's heaviest year shows he engaged in at least one quarrel every week and 16-26.

Dillon's most lucrative 12 months was in 1912, when he encountered 23 would-be wreckers of his hopes. He polished off 12 of them. He had almost a fight a week that year. This year has seen Dillon very active, while Levinsky's calendar has been pretty barren. However, Levinsky has

WOMAN CAN OUTTALK MAN. She Uses Less Force in Expressing Her Thoughts.

A woman can talk longer than a man because she uses less force in speaking than the man does. A German professor has proved by actual and very delicate measurements that the baritone singer uses far more energy than the tenor and that the bass singer uses more force than either.

The range of voices differs greatly, so the percentage varies to the same extent, but as a general result it was proved that the tenor uses only from one-seventh to one-sixteenth of the lung power of the baritone or bass. The difference between the force used by the contralto and the soprano is also marked, and the contralto who sings in very deep tones uses at least ten times the force of the thrilling soprano.

The explanation is so simple that it is surprising that the investigation was not made long ago. It has long been known that the tenor or soprano brings the vocal cords close together and keeps the edges only vibrating by the emission of air. The bass or contralto leaves the space between the cords wider open and has to vibrate very much more of the membranes, so that a considerably larger amount of air is required and much more force is expended.

Persons with high, squeaky voices often seem to be very loquacious, and the reason is now plain—they can talk with far less effort than those who take a deeper tone and have to use more air to utter their words.

Here lies the real explanation of the case with which a woman can outtalk a man. She has the advantage of using from one-seventh to one-sixteenth less lung power, and even though her lungs may be smaller the difference is never so great as that between the amount of air required.—New York Sun.

Optimism. Wife—"John, you'll have to take that ball away from baby; he hit sister on the head with it."

John—"Yes, dear—but you should

LEAGUE MEETING MEANS A FIGHT

Hot Time Expected When One Faction Attempts to Reorganize Circuit.

Special to The World.

OKLAHOMA CITY, Nov. 2.—There'll be a hot time in the old town about November 26 when the Western association directors meet here. At that time an effort will be made by Oklahoma City and Tulsa, supported by Muskogee and Fort Smith, to oust the Texas members and swing the circuit north to include Missouri and Kansas cities.

Lines Sharply Drawn. Both J. P. Scott of Tulsa and E. M. Duncan of Oklahoma City have announced that the league shall be reorganized with larger cities included so that the league can be classed as C or B. Fort Smith and Muskogee have promised to vote for the change. Denton, Paris and Sherman defy the Scott-Duncan faction to kick them out, as it takes a three-fourths vote to oust any club.

President Bell refuses to take an active part in the reorganization fight.

Prexy Duncan to Fight. Mr. Duncan probably will make a trip to Topeka, Wichita and Hutchinson this week to see what the prospect is of those cities coming into the Western association.

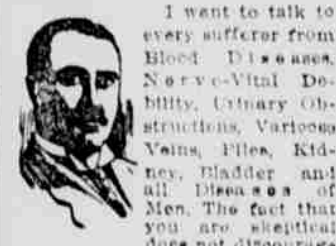

The proposed new circuit includes Oklahoma City, Tulsa, Muskogee, Fort Smith, Joplin, Springfield, Wichita and Topeka.

Receipt of the final reserve list from Secretary J. H. Farrell of the national association yesterday gave those demanding cause for objection to the retention of the Texas members. It showed that all of the Texas members last season used optional players in violation of the league's laws. Querry and Glenn of Denison belong to Houston, Landry of Sherman belonged to Dallas, and Cook of Paris belonged to San Antonio.

It is believed, though, that Paris can explain that Cook was believed to be a free agent when he played with the Survivors.

Work Progressing Nicely. AFTON, Okla., Nov. 2.—The Municipal Excavator company, which has the contract for laying the Afton sewer system, is progressing nicely with the work in spite of the fact that two or three times as much rock has been encountered as was expected. The work is more than half completed now and with nice weather the entire system ought to be completed and in use by January 1.

MEN

I want to talk to every sufferer from Blood Diseases, Nerve-Vital Debility, Urinary Obstructions, Varicose Veins, Piles, Kidney, Bladder and all Diseases of Men. The fact that you are skeptical does not discourage me in the least, nearly all my patients tell of this same experience. I am restoring these men every day, and feel sure I can do the same for you. I especially solicit all stubborn, complicated and long-standing cases. Men who realize the seriousness and gravity of their condition will appreciate the benefit I give. Come to for free consultation. I will then explain how different, better and more helpful are my methods of treatment. My special training and long years of experience in treating stubborn, Nervous, Blood and Special Diseases of Men give me many advantages in their treatment, and satisfactory results are assured. If needed, it is well worth your while to come hundreds of miles to consult me and receive the treatment of a specialist who knows what to do and does it. My sympathy is enlisted with every patient. The restoring and building up of broken-down men is now my life-work. The welfare and restoration of my patients is my only thought.

SMALL CHARGES EASY PAYMENTS

Dr. Allison

Rooms 5-7-9 Culbertson Bldg. N. E. corner Main and Fourth Streets.

TULSA, OKLAHOMA.

\$100,000,000 BETTER

THE American traveling man quickly recognizes improvement—and just as quickly passes the word along. He is putting us under obligations by telling his brethren of the \$100,000,000 bettering of the Baltimore & Ohio. The 1916 model Pullman drawing-room and observation cars in the all-steel trains, perfect roadbed and excellent dining car service, appeal to him.

The operation of these trains via the nation's capital—Washington—is an additional advantage to him. The liberal stop-over privileges at all important points save him money.

We try to reciprocate his kindness in that way, and by endeavoring to give him just a little better treatment than he expects.

ALL-STEEL TRAINS FOR Washington, — Baltimore, — Philadelphia, — New York. Leave St. Louis 9:00 a.m., 12 noon, 9:30 p.m., 1:00 a.m.
